I understand that the results of this inspection will be based upon the findings and daily flows at the date of inspection. It will be based upon the information that I have given on this application. The Health Department does not warrant or guarantee that the home sewage system will not develop future problems and this report does not make any representation as to the future functioning of the system. If in the future, the system fails or if it is currently creating a public health nuisance, then it will be necessary to have it improved to current standards. If the home is vacant at the time of the inspection, only observations of the system can be made and functionality will not be determined.
